Sanctuary Light: In Loving Memory of Amado & Deolinda Baca

Reflection  In today's Gospel from Matthew, our Lord shares the Parable of the Sower who scatters seed on many kinds of land. This is a wonderful analogy for the stewardship way of life, demonstrating the slow and steady, yet powerful effect this lifestyle will have on those who fully embrace it. In this parable, some of the seeds land on a path where birds carry them off before they can begin to take root. Other seeds land on rocky ground with little soil. As soon as things begin to heat up, they get scorched and die. Then there are seeds that land on soil cluttered with thorns which choke the seeds just as they are beginning to grow strong.

Stewardship

Stewardship living removes the “rocks” of mistrust from our lives as we develop an unshakeable faith that God will always provide for our needs. It clears away the “thorns” of worldly ambition that make us self-centered, fill us with needless anxiety and stifle our focus on God. Stewardship living requires a deep reliance on the Word of God and the sacraments which in turn nourish and fertilize the soil of our lives, making us receptive to God's plans for us and ultimately producing abundant fruit through the way we live each day.
