Reflection 

On this last Sunday of Ordinary Time for the liturgical year, we celebrate the Feast of Christ the King. This feast was instituted by Pope Pius XI in 1925, at a time when the world was experiencing a rise of secularism, materialism and individualism, and an increasing denial of Christ's existence and authority.

Stewardship

The hope was that the establishment of this feast would accomplish three goals: that nations would see that the Church has the right to freedom, that leaders and nations would see that they are required to give respect to Christ, the King of kings, and that the faithful would be strengthened and encouraged by the reminder that Christ must reign in our hearts, minds, wills, and bodies.
